Profile

I am a passionate and dedicated Computer Engineering student at the Polytechnic University of the Philippines, Parañaque Campus. My academic background, combined with hands-on experience as a freelance computer technician and an IT specialist, which has equipped me with a strong foundation in both hardware and software aspects of technology.

Experience

IT SPECIALIST/NETWORK ADMINISTRATOR | REALME PHILIPPINES | JUL 2025-SEP 2025

- Provided technical support by troubleshooting hardware and software issues across desktops and laptops.

- Deployed and configured workstations, including operating system installation, office software setup, and printer configuration.

- Supported meeting operations by setting up conference rooms and assisting employees through on-site and remote support (AnyDesk, messaging tools).

- Performed hardware upgrades and component replacements on aging systems to improve performance and extend device lifespan.

Education

B.S. IN COMPUTER ENGINEERING | 2023-2027 | POLYTECHNIC UNIVERSITY OF THE PHILIPPINES, PARAÑAQUE CAMPUS
